

model.strategy.BearMove.Move

model.strategy.DefMove.Move

model.map.Field.AddVirologist

```
graph LR; A[model.strategy.BearMove.Move] --> C[model.map.Field.AddVirologist]; B[model.strategy.DefMove.Move] --> C;
```

The diagram illustrates a directed relationship between two source nodes and a target node. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'model.strategy.BearMove.Move' and the bottom box contains 'model.strategy.DefMove.Move'. On the right, there is a single gray rectangular box with a black border containing the text 'model.map.Field.AddVirologist'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating a flow or dependency from the left nodes to the right node.
