

model.agents.Bear.ApplyStrategy

model.agents.Stun.ApplyStrategy

model.Virologist.SetMoveStr

```
graph LR; A[model.agents.Bear.ApplyStrategy] --> C[model.Virologist.SetMoveStr]; B[model.agents.Stun.ApplyStrategy] --> C;
```

The diagram illustrates a directed graph with three nodes. On the left, there are two white rectangular nodes with black borders. The top node contains the text 'model.agents.Bear.ApplyStrategy' and the bottom node contains 'model.agents.Stun.ApplyStrategy'. On the right, there is a single gray rectangular node with a black border containing the text 'model.Virologist.SetMoveStr'. Two blue arrows originate from the right side of the left nodes and point towards the left side of the gray node, indicating a directed relationship from the left nodes to the right node.
